18 The revised estimate for the works proposed to be carried out during the current year is for Rs 5,100, including a provision of Rs 200 for removing, replacing and repairing the Dwajasthamba etc (item 3 of the estimate). For reasons of strong opposition based on Shastric grounds, raised by the devotees, and upheld by Agama Pandits of recognition, the M.C. had suggested that this item may be removed from the estimate and the revised estimate may be sanctioned for Rs 4900, the extra cost being met from the savings of Renovation works of previous years.

On this case, the Secy P.W.D has stated that it is not possible to spare funds for the works in question. The grants for the P.W.D for the next year (35-36) are low (Vide paras 10 & 11 supra) The M.C. adds that if the grant were to be raised to Rs 6500/- per year, this item alone would take away 33 1/3 % of the total allotment & make it impossible to give anything like adequate help to other deserving institutions including some to which promises have been held out. In these circs it seems best to keep the annual contribution at Rs 3484/- for 35-36 and ask the M.C. to meet it, the C.C. being asked to make necessary provision of Rs 6500/- in the P.W. budget from 36-37 onwards
